About the 2024 TASK Annual Actuarial Convention

The Actuarial Society of Kenya (TASK) proudly presents the **2024 9th Annual Actuarial Convention**, where thought leaders, experts, and professionals from the actuarial and financial sectors gather to address the challenges and opportunities posed by emerging risks. This year's theme, "**Beyond Emerging Risks: Innovating Resilience and Adaptation**," focuses on the critical role actuaries play in building resilient systems and fostering innovative solutions in an evolving global landscape.

Join us in Mombasa for in-depth discussions, cutting-edge masterclasses, and expert panels that will explore how the actuarial profession can navigate and adapt to emerging risks such as climate change, technological disruption, and shifting regulatory landscapes. This year's convention offers a unique platform to learn, network, and lead the conversation on resilience and innovation.

02

Welcome Note

LORRAINE NJUE, FIA

TASK President & Head of Strategy & Partnerships at ARC Ltd.

As we prepare for the **9th Annual Actuarial Convention**, I would like to personally invite you to join us in Mombasa for what will undoubtedly be a remarkable event. This year's theme, "**Beyond Emerging Risks: Innovating Resilience and Adaptation**," reflects the unique opportunity for the actuarial profession to lead the way in addressing today's most pressing risks while aligning with the broader strategic priorities of industries worldwide.

While actuaries are at the forefront of navigating these emerging challenges, this year's convention extends beyond our profession, bringing together a diverse community of experts whose work intersects with risk and resilience. We are engaging thought leaders from finance, banking, ESG, climate change, and risk management to foster cross-disciplinary collaboration. I warmly invite colleagues from these sectors to join us in Mombasa as we exchange ideas and chart a path toward a more resilient and adaptable future for our organizations and society.

This event would not be possible without the support of our sponsors and partners. I extend a special invitation to organizations eager to make a meaningful contribution to this vital conversation. Sponsoring this convention presents a valuable opportunity to drive thought leadership, foster innovative solutions, and position your brand at the forefront of resilience, innovation, and strategic growth.

ELIAS OMONDI, AIA

Convention Chair and Principal, Innovation for Resilience at FSD Africa

I am excited to welcome each and every one of you to the **9th Annual Actuarial Convention**. As someone deeply committed to advancing sustainability, risk management, and innovation, I am honored to chair the organizing team for what I believe will be a transformative event.

For the first time, we're introducing Masterclass Trainings as a key feature of the convention. This new addition represents our commitment to deepening expertise where it matters most. We have these masterclasses to equip you with the insights and tools that will shape your strategic thinking and decision-making for years to come.

Beyond the masterclasses, the convention's agenda is packed with topics that reflect where our industries are headed - not just in actuarial science, but across the financial and risk management spectrum. I believe the cross-industry dialogues we'll have, especially with professionals from banking, climate risk, and ESG sectors, will spark the innovation needed to tackle the challenges ahead.

As we gather in this moment of opportunity, I encourage you to engage fully, learn deeply, and contribute meaningfully. This year's convention is where the future of resilience, sustainability, and innovation takes shape.

03

Why you should attend

In a world that's getting more unpredictable and tricky, actuaries need to be ready with the right tools and know-how to handle new risks and come up with fresh ideas to stay strong and successful in the long run. If you're serious about staying on top of your game in the actuarial and financial fields, you can't miss the 9th Actuarial Convention. Here's why this 3-day event is a must-attend:

1. Cutting-edge insights on AI, IFRS 17, and ESG

The convention shines a light on Artificial Intelligence (AI), International Financial Reporting Standard 17 (IFRS 17), and Environmental, Social, and Governance (ESG). These three key areas are changing the face of the financial and insurance industries. Attendees will gain fresh insights into each topic.

- AI: Discover how AI has an impact on risk assessment, underwriting, claims management, and decision-making. This technology boosts productivity and precision in these areas.
- IFRS 17: Get to grips with how IFRS 17 affects financial reporting, compliance, and transparency. Learn to use this standard to achieve better business results.
- ESG: Look into how sustainability social responsibility, and corporate governance have an impact on investment strategies and risk management practices for the future.

2. Masterclasses to Boost Your Know-how

Get practical hands-on knowledge in specialized Masterclasses that focus on AI, IFRS 17, and ESG. These in-depth sessions will give you the skills to add these elements to your daily actuarial work:

- AI Masterclass: Learn useful tips on how to put AI technologies into action to improve actuarial models and decision-making.
- IFRS 17 Masterclass: Master the ins and outs of IFRS 17 compliance while giving your organization a competitive edge.
- ESG Masterclass: Discover how ESG principles can boost risk management and help your organization meet global sustainability targets.

3. Keep Up with New Trends and Risks

As fresh risks like climate change, cyber-attacks, and worldwide health crises test old actuarial models, #9TAC2024 will show you these changing risks and how to tackle them through new ideas and flexibility. Listen to global experts and field leaders talk about the trends that will mold the future of risk management and financial strength.

4. Connect and Work with Industry Leaders

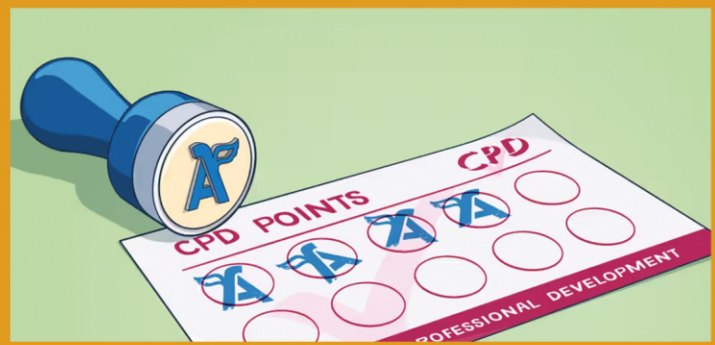

#9TAC2024 brings the top experts in the actuarial field together. Meet your colleagues, learn from industry pioneers, and share ideas to help you create new solutions in your work. The convention gives you great chances to work with other actuaries, insurance pros financial experts, and risk managers.

5. Get Practical Tools You Can Use Right Away

The insights you'll get from #9TAC2024 are ready to use in the real world right away. You'll learn to use AI tools, follow IFRS 17 rules, and add ESG ideas to your company's plans. When you go back to work, you'll have new ways to do things that you can start using.

6. Get CPD Points

If you're an actuary or work in finance, you need to keep learning as continuing professional development (CPD) is important. By coming to the 9th Actuarial Convention, you'll earn CPD points. At the same time, you'll learn important things that will help you grow in your job and keep your certifications up to date.

7. New Ideas and Smart Thinking

Those who attend #9TAC2024 will hear speeches, join panel talks, and take part in workshops. Top experts from around the world in actuarial science, money matters, and tech will run these events. You'll discover ways to spark new ideas and add to big thinking in areas like digital change, risk study, and long-term planning.

Masterclass Briefs

ESG Masterclass:

Lead the Future of Sustainable Finance

Join the ESG Masterclass to strengthen your expertise in sustainable finance, ESG integration, and responsible investing. Learn actionable strategies to drive sustainability in your organization and stay ahead of evolving global standards.

Key takeaways

- Challenges in sustainable finance.
- Divestment, ESG integration, and active ownership strategies.
- Global biodiversity frameworks and natural capital conservation.
- Carbon markets and achieving net-zero goals.
- Blended finance for sustainable development.
- Transition finance for supporting low-carbon economies.

Session By:

ELIAS OMONDI

Chairman, ESG Africa Taskforce

AI Masterclass:

Unlock the Power of AI in Actuarial Science

Artificial Intelligence is transforming the actuarial profession. The AI Masterclass provides practical insights into how AI can enhance risk modeling, data analytics, and decision-making, helping you stay competitive in the evolving financial landscape.

Key takeaways

- Foundations of AI and machine learning in actuarial science.
- Using AI for more accurate risk modeling and predictive analytics.
- Applying AI tools to improve claims management and fraud detection.
- Data-driven decision-making through AI-powered analytics.
- Enhancing pricing models and underwriting accuracy through AI.
- Best practices for introducing AI to actuarial teams and processes.

Session By:

AYISI MAKATIANI, ACII, E.B.S

Co-Founder, Caava VantagePoint AI

IFRS 17 Masterclass:

Master IFRS 17 for Strategic Advantage

IFRS 17 introduces significant changes to insurance accounting. This masterclass equips you with the knowledge to comply with the new regulations and turn them into opportunities for business growth and financial clarity.

Key takeaways

- Comprehensive overview of IFRS 17 and its key components.
- Understanding the changes in actuarial models and financial reporting under IFRS 17.
- Practical guidance on implementing IFRS 17 within your organization.
- Strategies to overcome common challenges in IFRS 17 adoption.
- Using IFRS 17 to boost transparency and investor confidence.
- Leveraging IFRS 17 for improved risk management and long-term financial health.

Session By:

Judy Manshau | Senior Manager

Antony Njoroge | Manager

Actuarial & Risk Services - PwC, East Market Area

GALA DINNER

All attendees are invited to the Gala Dinner on the final evening of the convention, **November 15th, 2024**. This special event will offer a relaxed and elegant atmosphere for continued networking and reflection on the insights gained throughout the convention. Set in the stunning surroundings of Mombasa, the dinner will provide the perfect conclusion to an enriching and inspiring gathering.

SPECIAL AWARDS

During the Gala Dinner on November 15th, 2024, we shall also recognize and celebrate individuals from various categories for their outstanding contributions to the actuarial community. We shall also launch the TASK's ambitious "**Be the 1 in a 1,000**" membership drive campaign this evening. Our goal is to grow TASK to over 1,000 members within the next year, fostering a vibrant and dynamic actuarial community.
